

Meeting Report

Date: 05-09-2026

Meeting Number: 3

Participants: 4 Students

Agenda

1. To discuss the simulator demo.
2. To discuss the different parts of the simulator and decide who would work on each part.

Discussion

The team discussed the simulator demo that was completed. We went through the different modules and discussed the work done by each member. We also discussed the responsibilities of each member and the parts that needed to be completed or improved.

Decisions

1. The completed simulator demo was reviewed and discussed by all members.
2. Each member was assigned a specific part of the simulator.
3. The assigned tasks were to be completed and tested properly.

Action Items

Subraya: Completed the code for the Main and CPU modules.

Sakshi: Developed the UI, Memory, Stack Pointer, and Stack Flag modules.

Nilamuddeen: Developed the code for the Instructions module.

Mansi: Developed the code for the Instruction Set module.
